Summary

I am a results-driven data professional with 2.5 years of military experience, progressing from Data Analyst to Team Leader. I specialize in turning complex data into clear insights, identifying trends, and supporting fast, informed decisions. I am a quick learner, calm under pressure, and highly committed to team, organizational, and client needs.

Experience

Jan 2026 – Apr 2026: Data Analyst for Ministry of Defense project via “Sviva Yeruka”.

- Conducted data analysis and forecasting for waste evacuation across IDF bases.
- Delivered operational insights to support planning and decision-making.
- Led an optimization initiative that reduced evacuation costs by ~8%.

2022 – 2025: Team Leader & Data Analyst, Meitav Unit, IDF.

Meitav is the military unit responsible for recruitment and assignment processes in the IDF.

Roles and Responsibilities:

- **Commanded a team of data analysts:** Overseeing and delivering BI services to other units.
- **Leadership of impactful BI projects:** Managed and led impactful projects, including:
 - **"Recruitment Chain Dashboard":** Developed real-time dashboards used daily by commanders to identify bottlenecks and reduce wait and rotation time by 25%.
 - **"Recruit Festival Project":** Analyzed recruit impression day performance and recommended optimizations for targeting, location, and unit distribution.
 - **"Magshimim unit Research":** Built dashboards to assess productivity and efficiency, supporting better budget utilization and KPI tracking.
- **Project scope, requirement gathering and documentation:** Owned project scope, requirements gathering, and documentation to ensure timely delivery and alignment with client needs.
- **Detailed training materials:** Created user guides and training materials to support independent tool usage after handover.
- **Awards:** Received the Meitav excellence award for 2024.

Education

2023: Data Analyst course, John Bryce college (with distinction)

- Comprehensive study of key areas: SQL, data analysis, statistical methods, and data visualization. Gained practical experience with tools and technologies including Python, MS Excel, and Power BI.

2022: High School Diploma, Klai High School, Givatayim

- **Average Grade:** 103 (weighted).
- **Specialization in:** Biology and Chemistry with 5 units each; 5 units in English; 4 units in Mathematics

Tech Stack

SQL | Python | MS Excel | Power BI | Tableau

Languages

Hebrew – Mother tongue | English – High level
